7. Access Management Criteria (In case of a conflict with the provisions of other ordinances or regulations, the most strict provisions shall apply):

(a) All Arterials and Major Collectors
 Full movement access to an arterial or major collector shall not be permitted closer than 330 feet to another full movement access point, nor within 660 feet of a signalized intersection. Right-in/right-out access to an arterial or major collector shall not be permitted closer than 330 feet to another access point, nor within 100 feet of a signalized intersection, except properties with sole access to an arterial or major collector are permitted no less than one right-in/right-out access point. Properties with 660 feet or more of arterial and major collector frontage may be permitted multiple accesses to a single street based upon a traffic safety and capacity evaluation. All development fronting on an arterial or major collector shall record a joint access and cross easement benefiting adjoining properties fronting on the same arterial or major collector.

(b) Minor Collectors
 Full movement access to a minor collector shall not be permitted closer than 200 feet to another full movement access point, nor within 400 feet of a signalized intersection. Right-in/right-out access to a minor collector shall not be permitted closer than 100 feet to another access point, nor within 200 feet of a signalized intersection, except properties with sole access to a minor collector are permitted no less than one right-in/right-out access.

(c) Local Streets
 Full movement access to a local street shall not be permitted within 200 feet of a signalized intersection. Right-in/right-out access to a local street shall not be permitted closer than 100 feet to another access point or intersecting public

GENERAL NOTES:

1. Refer to the Environmental Management Act (EMA) for information pertaining to the regulation of environmental features (preservation/conservation features), stormwater management requirements, etc.
2. Refer to the Concurrency Management Ordinance for information pertaining to the availability of capacity for certain public facilities (roads, parks, etc.).

street, nor within 200 feet of a signalized intersection, except properties with sole access to a local street are permitted no less than one access point, which may be limited to right-in/right-out based upon a traffic safety evaluation.

DEVELOPMENT STANDARDS (continued from page 3 of 3)

8. Street Vehicular Access Restrictions: Properties in the Woodville Commercial zoning district may have vehicular access to any type of street. However, in order to protect residential areas and neighborhoods from non-residential traffic, vehicular access to a local street is prohibited if one of the following zoning districts is located on the other side of the local street: R, RA, R-1, R-5, MH, and RP.

9. Landscape Standards:

Development within the Woodville Commercial zoning district shall be subject to the landscape requirements of this Section in addition to those requirements of the Environmental Management Act (EMA). Where standards conflict, the stricter of the two shall apply. All landscape plans shall be prepared by a registered landscape architect as per Section 481 of the Florida Statutes.

Arterial Road Landscaping: All properties fronting arterial roads shall provide and maintain a thirty (30) foot wide landscape area immediately adjoining the arterial road. All vegetation within the thirty (30) foot wide landscaped area of good condition 4 (four) inches and larger shall be preserved. This landscape area shall be planted with canopy trees with no less than 1 tree for each 200 square feet of landscape area. Creative design and spacing is encouraged. The landscape area may be crossed by driveways permitted pursuant to Section 8 above, but compensatory area shall be added, equal to the area of the driveway, adjacent to the required landscape area. Sidewalks are not permitted within the landscaped area except for interconnections to sidewalks fronting public roadways. Signs may be located within the landscape area, but shall not reduce the tree planting requirement. Existing healthy trees in the landscape area may be counted as prescribed in Section 10-264(b) toward meeting the tree planting requirement. Management of the existing trees within the 30 (thirty) feet shall include pruning of dead and hazardous tree limbs, pruning of live limbs less than 25% of the green mass of the tree, fertilization, pest control, and control of invasive vegetation. Mechanical methods which compact the earth or root systems shall not be allowed.

10. Parking Standards:

- (a) Properties fronting an arterial road shall be allowed to construct 50 percent of all parking required by the Land Development Code in front of the proposed building/structure and/or adjacent to a public roadway. Additional parking, above code requirements shall be located to a side or rear of the proposed building/structure that is not fronting a public or private roadway or access way.
- (b) Properties fronting a collector or local road shall be allowed to construct a single parking aisle between the proposed building and the collector and/or local road.

11. Lighting Standards:

- (a) All exterior lighting shall have recessed bulbs and filters which conceal the source of illumination. No wall or roof mounted flood or spot lights used as general grounds lighting are permitted. Security lighting is permitted.
- (b) Lighting for off-street walkways shall be spaced no more than thirty (30) feet apart, and shall not exceed ten (10) feet in height.
- (c) Parking lighting shall be spaced a maximum of fifty (50) feet apart and shall not exceed twenty (20) feet in height.
- (d) Lighting levels at the property line (six feet above ground) adjacent to residential areas shall not exceed .5 foot-candles.

12. Design Standards:

- (a) All buildings shall screen trash collection/storage areas with materials found on the exterior of the building.
- (b) All delivery truck docks shall provide a screen of sufficient height and length to screen loading and unloading trucks.

GENERAL NOTES:

1. Refer to the Environmental Management Act (EMA) for information pertaining to the regulation of environmental features (preservation/conservation features), stormwater management requirements, etc.
2. Refer to the Concurrency Management Ordinance for information pertaining to the availability of capacity for certain public facilities (roads, parks, etc.).
